

FOREST VIEWS & NEWS

JUNE 20, 2017

The crew is hard at work everyday, striving for continuous improvement in our container display & storage areas (building drainage, grading areas, organizing inventory) and bringing in and growing more interesting varieties for your landscape & garden center needs.

We've become a certified clean Boxwood Blight Compliant nursery, so we do have some additional regulations in place to protect our boxwoods. We can no longer permit vehicles to drive back into our inventory areas. Please stop in the office for a walking tour!

GORGEOUS!!!!

Crape Myrtle 'Black Diamond'

This new beauty will leave your clients jaw-dropped! The fabulous near-black foliage has jewel toned blooms that last from early summer through first frost.

Go ahead, make their neighbors jealous!

PLANTS THAT MERIT ATTENTION
